

Cindy Hopkins
Vice President of Center Services and Client Care

I love being able to use my skills and gifts to impact others. It is especially rewarding (and humbling) to realize that even the most seemingly mundane tasks I might do at Care Net can trickle down and ultimately, and literally, save lives. I love my job!

I am pro-life because God is pro-life. I am active in the pro-life movement because millions of people each year go against God's character and abort their unborn children. I am challenged by the notion that perhaps these same people would have made a different choice if someone had lovingly and compassionately helped them consider a God-honoring alternative.

I grew up in Orange County, CA and the suburbs of London, England. I attended London Central High School and was afforded amazing opportunities early in life to explore the world.

I love to read and ride my bike—but not at the same time. I am addicted (in a good way) to audio books and have "read" over 25 books in the last year, redeeming my commute time to and from the office. Bike riding is saved for weekends when the weather is nice and my husband is available.
